

Quantum Consulting Services Sdn Bhd

Advisory on Business Establishment

QCS advises and assists foreign multinational companies with their investments in Malaysia.

This includes advice on the type of business presence or entity most suitable for the needs and requirements of each client, incorporation of companies, equity requirements, working visa, required approvals, licences, and permits for the operation of business, etc.

By leveraging on our in-depth experience in multiple industries, we ensure that the investors are familiar with the regulatory requirements of their respective industries so that these companies can prepare and make informed decision before embarking on their business venture.
