## Government Approvals

Once the decision is made to set operations in Malaysia, the investors may need to apply for the relevant approvals and licences for operational purposes. We are able to assist clients with the application of various licenses and permits to Ministries and governmental agencies as below:

- > Manufacturing License approval
- > Expatriate Posts: Key Post & Term Post approval
- > Applying for the Central Bank approvals
- > State Government clearance to locate factory
- > Department of Occupational Safety & Health (DOSH) approval
- > Department of Environment (DOE) approval
- > Licensed Manufacturing Warehouse (LMW) Licence
- > Private Bonded Warehouse Licence
- > Ministry of Domestic Trade, Cooperatives and Consumerism approvals (for distributive trade business)
- > Operational Headquarters Status (OHQ)
- > International Procurement Centre (IPC) / Regional Distribution Centre (RDC) status
- > Construction Industry Development Board (CIDB) registration
- > Multimedia Super Corridor status
- > BioNexus status

We also handle more difficult and not so typical government applications for clients. Companies are advised to contact us to discuss whether we could assist them with their particular applications.
